

# PORTABLE MONITOR COFDM RECEIVER

## DESIGNED FOR MOBILE APPLICATIONS

Introducing the new low latency, mobile low cost monitor COFDM receiver.

This system offers a reliable, long range, superior video recptor for COFDM transmission. This system can be used with 2 and 8 diversity antennae and can ensure excellent video quality due to its 'maximum ratio combining' (MRC).

TheCOFDM Mobile Portable Monitor Receiver has a large and bright TFT monitor so that you can watch the video also in bright sunshine and areas with extreme bright light. The receiver is designed for mobile applications where you can use V-mount batteries to feed the receiver.

Not only is the performance of the new COFDM impressive, the range of systems is unparalleled. The frequency ranges from 230MHz to 14GHz; the transmission power goes up to 10W and the 8K symbol length will protect the transmission from reflection in long range transmission.

ontact us to discuss your particulr specification and we can offer the COFDM solution.

### KEY FEATURES:

Dimensions: ..... 300 x 160 x 125mm  
Weight: ..... 2650g  
Housing material: ..... Aluminium  
Protection class: ..... IP30

Connectors  
Video OUT:..... BNC  
S-Video OUT: ..... Mini-DIN  
Audio OUT: ..... RCA  
Headphones: .....3,5mm jack  
DC IN: .....2-pol. LEMO (1B)  
Battery: ..... V-Mount  
Antenna: ..... 2x S
